Pattern (multiple of 7 + 4 ch)

If you are joining to the other squares, then make sure that the foundation row is 8 inches.   If your row 0 is smaller than 8 inches in length, then add multiples of 7 chain until it makes 8 inches in width.

There is a right side (patterned side) and wrong side (working side) with this pattern so make sure you read the pattern carefully to prevent putting the pattern on the wrong side!
